## Tax Incentives for manufacturing companies

### Write off \$1,000,000 of equipment purchased in 2019 on your taxes!

#### **\$1,000,000 Write-off** *Financing and leasing qualify!*

**Section 179 Federal Income Tax Deduction:** This deduction allows a company to deduct the first \$1,000,000 of equipment (Section 179 Property) acquired in 2019 from their taxable income. For companies acquiring up to \$2,500,000 of equipment, this deduction is available in full. It then phases out on a dollar-for-dollar basis for amounts over \$2,500,000.

#### **100% Bonus Depreciation!**

In addition to the \$1,000,000 write-off, companies can take 100% bonus depreciation on the adjusted basis of their qualified equipment acquired in 2019. This bonus depreciation is and good through 2022. Financing or leasing with a \$1 buyout qualify.

**Companies may be eligible for standard depreciation, plus state or local tax incentives.**

Always check with your accountant or financial adviser to verify tax or accounting issues and any tax benefits. Tax laws are subject to change at any time and their application is highly dependent upon the unique facts and circumstances of any particular taxpayer. The information on this page is offered as general guidance and is not intended as specific legal, tax or accounting advice. These calculations are only estimates and everyone's tax situation is different.
